

## Gravity Paper Filter (FGP)

This filter is used for filtration of turning and grinding emulsion and oil coolants, industrial water wastes.

Coolant filtration main advantages :

- improved part's surface quality
- grinding wheels reduced stoppage
- tools reduced consumption
- coolant enhanced life
- bacterium reduction.

FGP Filters are delivered with :

- metallic carpet
- paper roll
- electrical level with float
- motor gear
- safety cover.

Options :

- storage tank
- pump
- electrical box
- end of paper detector
- magnetic separator.
